

All about Year 6 fire safety

In late September, Year 6 hosted the Hampshire Road and Fire Safety Team visit. The firemen and women told Year 6 about how to be safe around the roads and the dangers of fire.

Maria Hynes, from 6LS, stated: “It was good but the fire seemed to me to be really fake.”

Furthermore, Isabel Lothian, from 6LS, stated: “I didn’t really like it because I think it was boring at times.” However, these views were in the minority as most of the children seemed to enjoy the activities.

The staff of Copnor also liked the event. A teaching assistant that I asked, Miss Jefferies, responded with: “I really liked it and I thought that it was really interesting and helpful.”

Also, we had some quotes from a Year 6

teacher (Miss Warwick) and she told us: "Yes I really liked it and the people were nice."

Overall, the Year 6 children and teachers had great fun.
