

Background to Pupil Premium Funding

The pupil premium is additional funding for publicly funded schools in England to raise the attainment of disadvantaged pupils of all abilities and to close the gaps between them and their peers.

Funding for financial year 2016 to 2017

In the 2016 to 2017 financial year, schools will receive the following funding for each pupil registered as eligible for free school meals (FSM) at any point in the last 6 years:

- £1,320 for pupils in reception to year 6
- £935 for pupils in year 7 to year 11

Schools will receive £1,900 for any pupil:

- identified in the [January 2016 school census](#) or the [alternative provision census](#) as having left local-authority care as a result of one of the following:
 - adoption
 - a special guardianship order
 - a child arrangements order (previously known as a residence order)
- who has been in local-authority care for 1 day or more
- recorded as both eligible for FSM in the last 6 years and as being looked after (or as having left local-authority care)

For the pupils who attract the £1,900 rate, the [virtual school head](#) of the local authority that looks after the pupil will manage the funding.

Pupil Premium at Copnor Primary School 2016 - 2017

At Copnor Primary School we believe all our children, regardless of background, should have high expectations of themselves to achieve their aspirations. Our aim is to close the attainment gap between those children identified as Pupil Premium and those who are not. Our strategy is to target individuals and groups that will benefit from additional funding to help reduce or eradicate their barriers to learning.
