

### How to use our Temporary Learning Page

Each year group is split into 3 sections: *Daily Learning Tasks*, *Optional Learning Tasks*, *Support for Learning*.

We expect all children to complete the *Daily Learning Tasks* each day. If your child needs help with this, please use the *Support for Learning* resources.

If your child would like to complete further activities, please look at the *Optional Learning Tasks* available.

Each year group also has two Classroom Secrets Home Learning Packs full of **optional activities**- one is full of English and Maths and the other focusses more on practical ideas.

We are currently investigating a system where your child can share their learning with their teacher so that we can acknowledge and celebrate their efforts in this challenging time.
