

## Year 2 Homework Menu

### Topic: Globe Trotters

Choose 1 of these topic projects to complete this half term.

Bring your finished project into school by **Wednesday 18<sup>h</sup> December**

You can bring it to school before then if you finish early, and complete more than one if you want to challenge yourself!

#### As home learners

We need...

- To read information books about our weather, recognise the features of hot and cold places and locate some countries with hot or cold climates on a world map.
- To read information books about different materials and how and why different materials are used to make objects.

#### Geography

Draw or write about a country you would like to live in and why? Would you prefer to live in the hot or cold country? Would you like to live near the coast, in the countryside or a city?

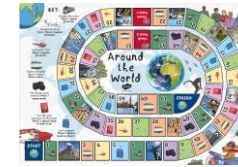

#### English/Computing

Choose a hot or cold country and research some facts about it. You can either write about this on paper or a computer and use Powerpoint.

#### Art/DT

Design and make your own game/board game based on travelling around the world. Write up the rules and instructions. Make the game and play it with your family members.

#### Science

Find out about people who have developed useful new materials. You could explore John Dunlop, Charles Macintosh or John McAdam and how they made useful new materials.
