

Year 3—Why do people live near volcanoes?

Autumn 2 Homework Menu

Please select one of these activities that you would like to create and share with the class.

You have up until Wednesday 17th December, so please take your time and produce something that you can work on as an ongoing project over the half term.

English

To write a news report about a natural disaster that has hit Portsmouth. You must include factual language, descriptive language by using expanded noun phrases, adverbs and prepositions. Also, consider creating a headline that is going to hook the reader in.

Art

To create a mixed media natural disaster scene. You must consider how you will reflect the different textures and objects in the scene e.g. if you are creating a volcano scene, how will you differentiate between the texture of the rock and the lava?

Geography

Choose a natural disaster to research and create a fact file about. You must include information about where the natural disaster has occurred before and some explanation about what geographically causes that disaster to happen.

Science

To research and plan an experiment to simulate a tornado in a bottle. You must research and consider what equipment you will need and predict what you think will happen once you have secured all the parts. Once you have completed the test, write a short reflection on what you discovered and
