

### Maths

Create a scale model of a Tudor house or building, including measurements and calculations for accuracy.

### History

Use your research skills to create a detailed family tree of the Tudor monarchs, including significant events and key figures.

### Music

Research Tudor musical instruments and learn a simple Tudor song to perform. Record the performance or present it live.

### Art

Draw or paint a portrait of a famous Tudor monarch or figure, focusing on the style and clothing of the period.

### Science

Research and present on the medical practices of the Tudor period, comparing them with modern medicine. Include information on common diseases, treatments, and remedies

### Year 5 Autumn 2 Homework

Choose one of these activities to complete this half term. Feel free to do more than one if you wish! The deadline for this is

**Wednesday 17th December**

### English

Write a series of diary entries from the perspective of a child living in Tudor times, describing daily life, schooling, and significant historical events.

### DT

Create a model or diagram of an invention from the Tudor period, such as a printing press or a ship, explaining its significance and how it works.
