

Year 2 Spring 2

Growing and Changing - Homework Menu

Please select one of these activities that you would like to create and share with the class.

You have up until Wednesday 25th March 2026 so please take your time and produce something that you can work on as an ongoing project over the half term.

DT/Art:

Create a model of our school using materials you have at home. This could be food containers, cardboard boxes or any arts and crafts materials you have.

Art:

Draw, paint or make a piece of artwork to depict your favourite school memory.

History:

Interview a family member to ask about what school life was like for them. Write a list of questions you could ask and record their answers.

Writing:

This half term we will be retelling the story of Jack and the Beanstalk in class.

Choose another of your favourite stories and write your own version. You could keep it the same or you could write a twist on the traditional story.

Science:

This half term we will be learning about plants. Have a go at planting your own seeds and watch them grow. Photograph them over time to show us how they have developed.
