

## Year 3 Roman s Spring 2 Home- work Menu

Please select one of these activities that you would like to create and share with the class.

You have up until Wednesday 25th March so please take your time and produce something that you can work on as an ongoing project over the half term.

### English

To write a poem about the eruption in Pompeii. Can you imagine you are the volcano and describe how you create destruction in the city of Pompeii.

Try to include lots of emotive vocabulary and expanded noun phrases to create a clear picture for the audience.

### Computing

To use your chosen software to create a historical timeline that explains Ancient Rome's place in history. Can you think about adding other historical time periods on there that we have already learnt about? E.g. The Stone Age and the Ancient Egyptians.

### Art

Could you sketch 2 comparison scenes. One of what Pompeii looked like before the eruption and what it looked like after the eruption. Think about how you use shading techniques to create light and dark e.g. after the eruption there may have been clouds of thick, black smoke.

### Topic

Can you create a fact file which describes what made the Romans such important people in history? Try to include information about their legacy and their impact on modern life today.

### PE

Film yourself creating a Roman battle formation. Before doing this, you may want to find out what this might have looked like and why the Romans did this.
