

Year 1 Summer 2

Why is our world wonderful? - Homework Menu

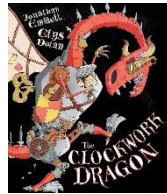

Please select one of these activities you want to create and share with the class.

You have until Wednesday 15th July 2026, so please take your time and produce something you can work on as an ongoing project over the half term.

Writing:

Write an adventure story about a dragon. Think about the adventure stories you have read or watched.

Science:

We have been learning about plants and will continue it this term. Can you create an information poster about plants or different types of trees?

Art:

Create a piece of artwork to show your favourite moment in Year 1. You could do a painting, drawing or even make a simple sculpture.

DT:

This half term we will be following a recipe to make a smoothie. Choose a recipe (not necessarily a smoothie) with an adult at home to practise following a recipe. Take some photographs of your cooking to share with your class.

Geography:

Take a walk around your local areas and map out the physical and human features. Create a map including a key.

Music:

Use recyclable items around your house to make a musical instrument. There are lots of creative ways to do this using items such as food tubs, elastic bands, paper, cardboard and lots of other items that would otherwise be recycled.
