

What should my child know?

Year 3

Children learn and practise:

2 times table
3 times table
4 times table
5 times table
8 times table
10 times table
Related division facts

By the end of Year 3, children should be able to recall and use multiplication and division facts for the 3, 4 and 8 times tables confidently.

Year 4

Children continue to practise all previously learned tables and learn:

6 times table
7 times table
9 times table
11 times table
12 times table
All related division facts

By the end of Year 4, children are expected to know all multiplication and division facts up to 12×12 . They will also take the national Multiplication Tables Check (MTC).

Years 5 and 6

Children continue to practise all times tables and division facts so that they can:

Recall facts quickly and accurately
Use them confidently in written calculations
Apply them when solving mathematical problems

Rapid recall helps children access more challenging areas of mathematics with confidence.
